IMPORTANT INFORMATION
<p>TERMS & CONDITIONS OF TRADE: I/WE accept the Terms and Conditions of the Construction Plant Hire Association Model Terms for the Hiring of Plant and agree to be bound by these. I/WE understand that PowerGuard Gold Plan premiums will be levied should I/WE elect not to provide alternative arrangements. I/WE understand and accept as the basis of trading the terms and conditions of 30 days from date of invoice and that you shall reserve the right, without prejudice to any other remedies, to recover the goods when any sum due remains unpaid. In the event that we do not adhere to your terms of trade, details of our payment performance may be passed to a licensed credit reference agency. I/WE declare that the information provided to you in relation to this application is correct and that I/WE have had and agree your conditions of trading. I/WE authorise you to make enquiries in relation to this credit account application at your discretion. I/WE understand that you may refuse to open a credit account without giving a reason.</p> <p>THE DATA PROTECTION ACT 2018 and the GDPR: BEFORE signing this application form, it is important that you read the notes below which set out how we collect and use information about you for the purpose of providing credit facilities. We will make searches about you at credit reference agencies who will supply us with credit information, as well as information from the Electoral Register. The agencies will record details of the search whether or not this application proceeds. We may use credit scoring methods to assess this application and to verify your identity. Credit searches and other information which is provided to us and/or the credit reference agencies, about you and those with whom you are linked financially may be used by the Lavendon Group and other companies if credit decisions are made about you, of other members of your household. This information may also be used for debt tracing and the prevention of money laundering as well as the management of your account. By signing this application, you agree that we can use your information in this way.</p>

PowerGuard

Damage/Loss Waiver Scheme

Does your Hired In Plant insurance cover high value plant equipment such as powered access?

Do you know when it expires?

Don't worry, we can help. Take out the PowerGuard plan and only pay for cover when you have a machine on hire.

Self-operated powered access equipment is the modern, efficient way to work safely at height in a wide range of applications, and hiring from Nationwide Platforms just makes it all that much easier and cost effective. All Nationwide Platforms machines are hired out under CPA terms and conditions of hire, whereby the HIRER is responsible for the loss of or damage to, the equipment hired. The costs of damage in use can be extremely high and if the machine is lost or stolen the full replacement cost of the machine would be charged, which could be as much as £150,000.

PowerGuard is a special indemnity scheme operated by Nationwide Platforms. Whilst NOT an insurance policy it offers customers an indemnity against machine damage/loss charges, subject to them meeting basic obligations under the hire contract.

Benefits of joining the PowerGuard scheme:

- No excess on accidental damage
- You only pay for the scheme when you have a machine on hire
- No worries about forgetting to renew your Hired In Plant insurance
- Covered for all accidental damage
- Covered for malicious damage (Platinum scheme)
- Covered for theft (Platinum scheme)
- Excess only £1,000 on machine theft
- Covered for any value of machine hired
- No need to claim on separate insurance policy

Plan Options

The value of PowerGuard is easily demonstrated when you consider what can go wrong:

Type of Damage/Loss	Potential Cost
Tyres (excludes punctures)	£500
Controller	£600
Cage	£2,000
Cables	£1,000
Canopies	£2,000
Engine	£7,000
Battery (each)	£120
Handrails	£2,500
Machine Theft	£150,000

PowerGuard Gold

Offers you protection from the costs arising from accidental damage. Despite everyone's best efforts machines can be accidentally damaged whilst in use.

Joining the Gold scheme means:

- No liability for the costs of accidental damage. These can be very high, particularly if there is severe structural damage, or the electronic or hydraulic systems are affected
- No unforeseen charges which can cause project costs to over-run
- No management time wasted in disputes and negotiating damage charges
- No need to claim on a separate insurance policy - and then possibly discover that the excess exceeds the costs of the damage!

PowerGuard Platinum

Offers all the accidental damage cover of the Gold scheme plus some important extras:

- Major thefts of large items of capital plant are on the increase. The Platinum scheme protects the hirer from theft - all the hirer has to do is make a formal report to the police as soon as the theft is discovered
- Vandalism and malicious damage occurring during normal working hours, are also included

Terms and Conditions

The Hirer's Obligations

We offer the above benefits in exchange for a set premium on the hire rate. In return we need basic co-operation from our customers. The equipment is hired under CPA terms and conditions and the HIRER must ensure that:

- ONLY suitably trained and qualified personnel operate the equipment hired
- ALL equipment is safely stored in a locked compound when not in use
- ALL weekly and daily checks such as oil, water, battery, fuel and safety are carried out properly
- Any theft or damage is reported to the hiring branch as soon as it is discovered
- Theft, malicious damage and vandalism must be formally reported to the Police as soon as it is discovered

Failure to adhere to any of the above may invalidate any claim

Gold Scheme Exclusions

- Theft
- Vandalism and malicious damage

Platinum Scheme Exclusions

- The first £1000 of any claim (except accidental damage)
- Theft, malicious damage or vandalism DURING NON-WORKING HOURS
- when the equipment is NOT stored in a locked area when not in use

Exclusions from Both Schemes

- Paint overspray
- Damage to filters and fuel lines due to use of contaminated fuel
- Damage from overloading or mis-use
- Damage by fire when hotwork is being undertaken
- Corrosion caused by chemicals
- Damage caused by failure to maintain lubricant and coolant levels, failure to charge batteries and/or maintain tyre pressures correctly
- Damage to third party property or persons
- Damage incurred whilst on hire/loan to another party
- Consequential losses
- Loss or damage from use in violation of any statutory laws and regulations
- Damage as a result of gross negligence
